Time Allowed to Place Order Wedding previews must be returned and the bride's order placed within three weeks. Package prices are guaranteed for two months after the wedding date. After that time, a service charge will be added and any price changes will be effective.

Mileage Charge Mileage charges may be added for weddings outside of the metro St. Louis area. This charge will be determined on a per wedding basis.

Checklist A number of photographs will be taken in addition to those you have listed. Our photographers will make every effort to obtain each and every pose as indicated. However, due to the many types of ceremonies, weather conditions, church policy, time limitations, etc., we cannot be held responsible for photographs not taken as indicated.

Posing For Photographs Usually, the best results are obtained when your photographer "controls the photograph" and the subjects are cooperative. Some brides prefer the technique of "uncontrolled candids." To avoid confusion, this must be prearranged.

Retouching The appearance of tiny surface imperfections or lack of retouching will not mar the value or beauty of your photographs. Conditions beyond our control such as facial shine caused by makeup or temperature, blemishes, hair out of place, wind-blown hair and glass glare can be corrected for an additional charge. Light retouching, blemishes, shine and glass glare are charged at \$15 for the first person and \$10 for each additional person per idea. Additional artwork is available by quote.

Color Accuracy The delicate tones of bridal gowns and bridesmaids' dresses may appear quite different when photographed. This is due to limitations in color film, paper, digital files or different lighting situations.
